

**QUARTER 4 HIV AND AIDS REPORT CARD FOR
GOVERNMENT MINISTRIES, DEPARTMENTS
AND AGENCIES**

**FOR
FINANCIAL YEAR 2016/17**

Expectation for 13th PC cycle for MCDA's for the financial year 2016/2017

Negotiation and Vetting of Performance Contracts for state corporations and tertiary institutions was concluded in mid February 2017. MCDA's were expected to carry out the following activities based on their level of implementation. Those in MAISHA 1 were required to:

1. Identify number of staff reached with HIV information and services as outlined in the reporting tool
2. Allocate a budget for the HIV activities /programmes to be implemented
3. Establish/reconstitute and operationalize HIV & AIDS Unit with 40% of the membership drawn from the senior and middle levels. A senior officer will chair the Committee
4. Conduct an internal baseline survey on staff knowledge level on HIV and AIDS
5. Develop a workplace policy on HIV and AIDS
6. Submit quarterly reports to NACC using MAISHA 1 reporting template

Those implementing MAISHA 2 were required to:

1. Identify for indicators from the public sector HIV plans and establish their baseline data
2. Allocate Resources for the HIV activities/programmes
3. Continue implementing MAISHA 1 activities including:
 - a. Identify number of staff reached with information and services
 - b. Confirm ACU quarterly meetings
 - c. Carry out at least two (2) recommendations from the baseline survey conducted in MAISHA 1 on Comprehensive Staff Knowledge of HIV & AIDS

Report Card for Quarter 3 FY 2016/2017

This report card accentuates the performance of MDA's and counties in the third quarter (January-March) of the financial year 2016/2017 against the PC indicators on 'Prevention of new HIV infections' as highlighted within the 13th PC. Given that MDA's and county governments are expected to report by the 15th of the month following the quarter of reporting, the deadline for reporting in the 3rd quarter was May 15, 2017 and any institution reporting after this date is considered to have reported late. An evaluation by the National AIDS Control Council on the performance of MCDAs in quarter three of the financial year 2016/2017 reveals that:

	MAISHA 1 (M1)	MAISHA 2 (M2)	Total No. reported M1+M2
<i>Quarter 1</i>	137	100	237
<i>Quarter 2</i>	92	74	166
<i>Quarter 3</i>	118	66	184
<i>Quarter 4</i>	5	1	6

Table 1: Reporting Trends

The reporting rate for MAISHA 2 has been consistently better than that of institutions in MAISHA 1. In quarter one for example 94% of institutions reported in MAISHA 2 compared to 63.4% in MAISHA 1. Similarly the reporting rate for MAISHA 2 in quarter 2 and 3 was higher than that of MAISHA 1 at 69.8% and 61.3% respectively compared to 42.6% and 53.7%.

Figure 1: Reporting rate for MAISHA 1 and 2

Figure 2: Reporting trend for Q1, Q2, Q3 and Q4

The overall reporting rate for MAISHA certification dropped from 73.6% to 57.1% between quarter 1 and 3. This could be attributed to two factors; inconsistent and late reporting. From previous trends, see figure 3 below, 97 reports from quarter one (the period between July and September) and 94 reports from quarter two (the period between October and December) were received in quarter 3 (the period between January and March).

Given that reports are received by the 15th of the month following the quarter of reporting, quarter 4 reports are yet to be received and hence will be reported during the first quarter of the financial year 2017/2018. It is therefore expected that during the 4th quarter numerous reports will be received for the second and third quarter of the financial year 2016/17.

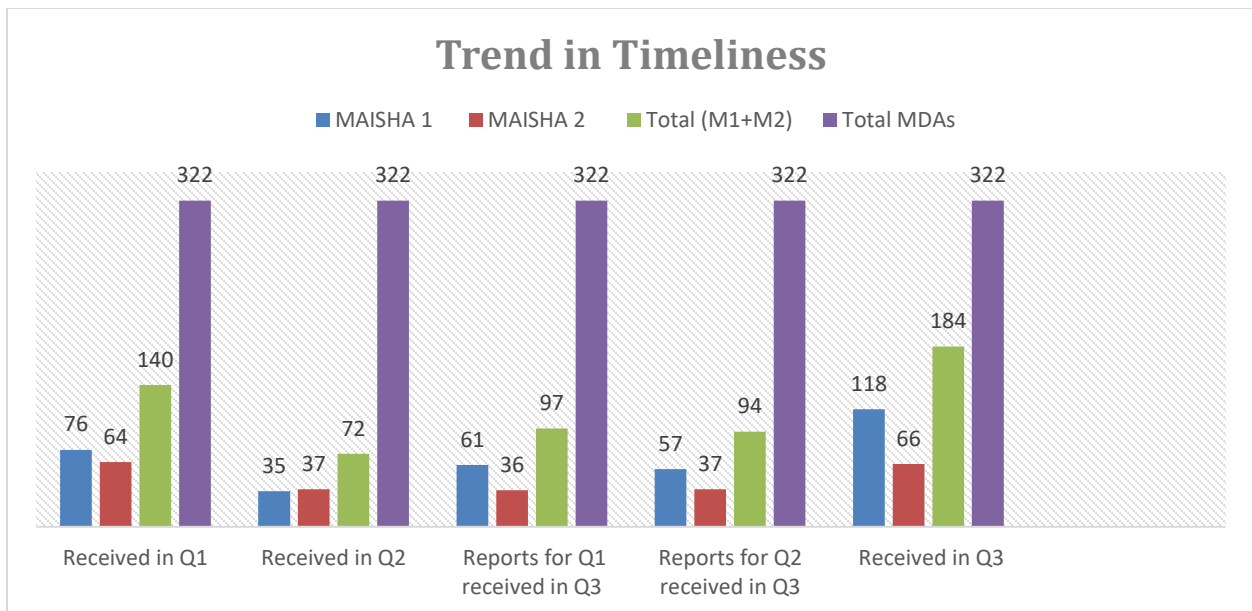

Figure 3: Trend in timeliness

Consistency in reporting

Reporting Trends from the financial year 2015/2016 to date shows inconsistency in reporting. A comparison between the 12th and 13th PC cycle reveals that inconsistency has increased in the 13th PC cycle with only 122 institutions having reported in all three quarters compared to 150 institutions that reported in all quarters of the 12 PC cycle.

Figure 4: Trends in reporting consistency of institutions

Reporting Trends by sector reveal inconsistency in reporting. In the Education sector which holds majority of MDAs 126, only a quarter 32 institutions reported in all three quarters. Similarly, Public Administration and International Relations sector which holds the second largest share of institutions 44, less than half 18 reported all three quarters.

Table 1: Reporting trend by Sector for Q1, Q2 and Q3

Sector	Reported All 3 Quarters	Did Not Report all 3 Quarters	Never Reported	Total
Agriculture, Rural and Urban Development	18	9	6	33
Energy/ICT	17	12	4	33
General Economics & Commercial	10	9	10	29
Health	5	2	1	8
Education	32	42	52	126
Governance, Justice, Law and Order	2	4	3	9
Public Administration & International Relation	18	13	13	44
Social Protection Culture & Recreation	8	0	7	15
Environment Protection, Water and Natural Resources	12	6	5	23
Counties	0	2	45	47

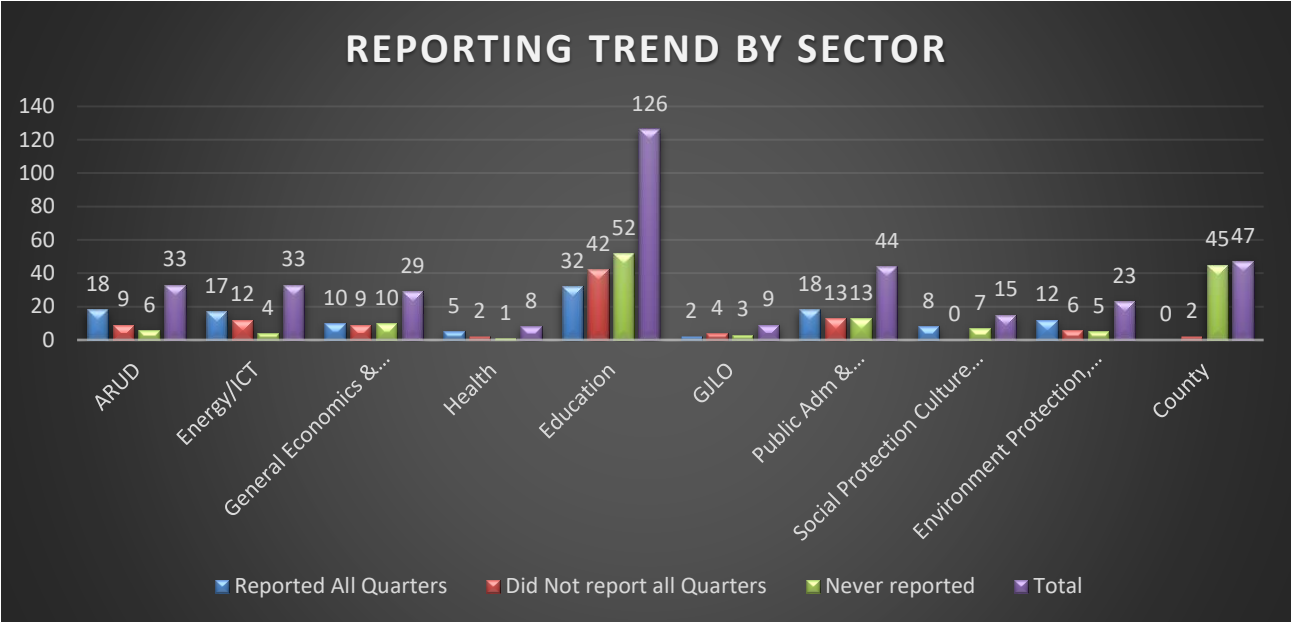

Figure 5: Reporting Trend by Sector for Q1, Q2 and Q3

Reporting by Sector

MDAs are divided into nine (9) sectors with the Education Sector housing majority of the MDAs approximately 39%. The Health sector and Governance Justice Law and Order sector house the least MDAs 2.5% and 2.8% respectively.

Figure 5: Proportion of MDAs within a sector

Reporting among sectors varied in the third quarter of the financial year 2016/2017 with the Energy ICT sectors having the highest reporting rate of 70% followed by Agriculture Rural Urban and Development sector at 67%. The Education sector had the least reporting rate compared to the other 8 sectors. Out of 126 institutions under these sector only 53 reported in the 3rd quarter.

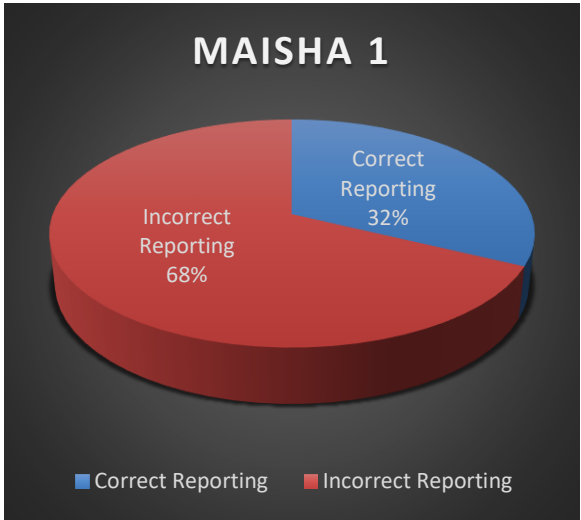

Figure 6: Reporting rate by sector or Q3

The Education and Public Administration and International Relations sector have the highest proportion of MDAs at 39% and 14 % respectively. However, in quarter 3 reporting for these sectors was low at 25% and 41% respectively. (See figure 5 and 6 above)

Accuracy in reporting

Accuracy in this case is defined as being able to correctly use the MAISHA reporting tools. Inaccuracy is characterized by incompleteness or filling the MAISHA tool without indicating what was achieved against what was targeted. This indicator demonstrates the percentage of reports that were not captured into the system because of these deficiencies.

In quarter three 68% of institutions in MAISHA 1 were not captured into the M&E system because of incorrect reporting

Similarly almost half 44% of institutions in MAISHA 2 were not captured into the M&E system because of incorrect reporting

Public Sector Contribution to the National HIV Response

During the 1st, 2nd and 3rd quarter Government through MDA's and counties made a significant contribution to the National HIV response by providing various services to their staff and family members:

Indicator	Qtr.	MAISHA I	MAISHA II	Total
Amount allocated for HIV activities	Q1	19,581,465	34,491,464	54,072,929
	Q2	22,964,700	23,342,282	46,306,982
	Q3	9,071,688	20,122,612	29,194,300
Total		51,617,853	77,956,358	129,574,211
Number of condoms distributed	Q1	779,953	3,019,232	3,799,185
	Q2	111,108	968,075	1,079,183
	Q3	214,621	2,854,722	3,069,343
Total		1,105,682	6,842,029	7,947,711
Number of staff and family members counseled and tested	Q1	32,015	8,997	41,012
	Q2	4,190	9,989	14,179
	Q3	3,606	4,243	7,849
Total		39,811	23,229	63,040
Number of staff and family members receiving education on ART	Q1	10,744	5,728	16,472
	Q2	2,966	8,112	11,078
	Q3	2,054	4,973	7,027
Total		15,764	18,813	34,577
Number of staff and family members sensitized on reduction of stigma and discrimination	Q1	15,638	13,777	29,415
	Q2	5,134	12,451	17,585
	Q3	5,309	14,611	19,920
Total		26,081	40,839	66,920
Number of staff and family reached with comprehensive knowledge on HIV and AIDS prevention	Q1	52,830	43,573	96,403
	Q2	7,533	20,167	27,700
	Q3	6,618	39,679	46,297
Total		66,981	103,419	170,400

Table 1. Public Sector Contribution to national HIV response Q1, Q2 and Q3 2016/2017

Approximately *Ksh. 129,574,211* was allocated for HIV activities in quarter one, two and three of the financial year 2016/2017 with *51,617,853* having been allocated in Maisha I and *77,956,358* in Maisha II. As a result MDA's were able to reach *63,040* employees with counseling and testing services, *170,400* with comprehensive knowledge on HIV and AIDS prevention and *34,577* with ART treatment literacy. In addition MDA's distributed *7,947,711* condoms and sensitized *66,920* staff on reducing stigma and discrimination towards PLHIV.

Conclusion

A number of barriers have been overtime outlined to be key players in impeding timely, consistent, accurate and complete reporting but key among them is inadequate capacity to report using the MAISHA reporting tools, late and inconsistent reporting. To improve the capacity of MDAs to use the MAISHA system NACC will conduct annual sensitization meetings, however, late and inconsistent reporting squarely lies with the institutions.
