

FROM: The Chairperson, National AIDS Control Council
TO: NACC Board Members and Staff
DATE: August 1, 2017
RE: August 8, 2017 General Elections

Dear fellow Board members and staff,

As we prepare to go the polls next week, allow me to thank you all for the great work that you have all put in to deliver on results on the HIV response as expected of the National AIDS Control Council. Our annual report paints a picture of a very dedicated staff that perform their duties out of conviction to deliver on set targets which is how we shall successfully manage HIV in Kenya.

As individuals, it is important to remember that August 8, 2017, presents you with a great opportunity to exercise your democratic right to elect your preferred leader. I am therefore encouraging all of you to mobilize your family members, friends, relatives, colleagues and acquaintances to go out and vote. As we exercise this democratic right, it is important to remember that Kenya shall be here after the elections and keep the words of the national anthem in mind to guide our utterances now. It therefore is the responsibility of all of us as citizens, to ensure that the country remains peaceful and calm. And we shall only achieve this goal if we each contribute to the peace, watch what we circulate and how we speak of our beautiful country. The true spirit of Democracy is that "we all have our say and the majority have their way".

I look forward to having you all back in the office safe and sound after a peaceful and successful general election. God, bless you. God bless Kenya and grant us peace during this time and in the years to come.

Ms. Angeline Y. Siparo
