

CLARIFICATIONS ON TENDER NO. NACC-010- 2017-2018 FOR BIOMETRIC AND CCTV

- a) Bid bond, clarify if Bid bond will not be required for this tender as per page 12.

ð Bid-bond is NOT required in this tender since the Tender is strictly reserved for Special groups as indicated on gazette advertisement date 12th September 2017. Bidders are required to sign a bid declaration form attached in the tender document. The tender is reserved for special groups registered under Access to Government Procurement Opportunities (AGPO).

- b) CCTV: the document states supply of 16 new IP CCTV system but does not specify the quantity of each type of camera you require as specs indicated from page 48~57. We are also requesting to know the location of where the proposed new CCTV cameras shall be installed, we will require site survey for this in order to know the cabling length.

ð Yes we require up to a total number of 16 new High definition IP CCTV cameras for now,

ð You MUST choose from the technical specifications provided suitably to enable you as a professional service provider, identify the best camera functionality based on the location **hence site-survey is vital**

ð The New cameras will replace the ones in the exact existing locations plus additional two additional which will be installed at the registry/ records section.

- b) Existing CCTV system: we noticed your existing CCTV system is purely analogue but what you want to procure is IP, are you intending to run two parallel systems?

ð We will not have two parallel CCTV systems, the proposed new IPCCTV will get rid of (do away with) the old analogue system completely.

d) NVR: your document on page 60 requested 64 channel can we quote for 16 channels since you require 16 IP cameras

ð No you must quote for 64Ch NVR to give room for future scalability /expansion/ growth since we also have regional/branch offices which could easily be linked to the centralized systems as funds become available for growth.

e) Display monitor: is it bidder's responsibility to supply CCTV display monitor or the client?

ð This MUST be supplied by the service provider. The bare acceptable minimum shall be 32" inch.

f) We are also requesting extension of closing date

ð The tender closing date remain the same as advertised.
