SECTION III - TERMS OF REFERENCE (TOR)

TERMS OF REFERENCE TO COSTING CONDOM PROGRAM

Terms of Reference for Consultancy to Undertake Costing of Condom Program

Introduction

The Mandate of NACC as outlined in the Legal Notice no. 170 of 1999 gives the organization the role to coordinate stakeholders in the multi-sectoral response to HIV and AIDS in Kenya. The mission of NACC involves “provide policy and a strategic framework for mobilizing and coordinating resources for the prevention of HIV transmission and provision of care and support to the infected and affected people in Kenya”.

The national HIV prevalence is estimated to be at 4.9 percent (Kenya HIV Estimates, 2018) and about 1.5 million people living with HIV in Kenya. Sexual contact is the main mode of HIV transmission in Kenya and this accounts for about 80% of all new HIV infections. To mitigate the epidemic, one of the Kenya AIDS Strategic Framework’s objective is to reduce new HIV infections by 75% which translates to less than 20,000 new infections by 2020. There were 44,000 new adult HIV infections in 2017 and approximately 40% of those occurred in adolescents and young people aged 15-24 years (Kenya HIV Estimates, 2018). It is against this backdrop that condoms are prioritised at the center of the combination HIV prevention approach; they are also cost-effective tools for preventing other sexually transmitted infections and unintended pregnancies.

The National AIDS Control Council (NACC) in collaboration with Partners is therefore planning to undertake the Costing for Condom Programming. Ultimately, this costing workstream will be useful as follows: to inform the strategic framework; to inform the county AIDS Strategic Plans determining their interventions; and will support exploratory strategies for eventual transition away from external funding of the health sector.

Rationale

To support the Kenya AIDS Strategic Framework, the NACC intends to engage a consultant to undertake costing of the National Condom Strategy that will address the following:

- a) Identify and analyze the cost categories in the National Condom Strategy

- b) Determine the cost of condom programming including cost action plan of the strategy
- c) Unit cost analysis for condom and lubricants programming
